Respected Judge:- I would like to draw your kind

have no rights to live in Japan peacefully. Any person who
is Japanese can put us in trouble anytime & anywhere.
Because nobody wants to listen to a foreigners. I was
feeling hopeless. We were treated like criminals for false
Statement by Japanese man. We are innocent. We were
innocent men why we were getting Punish?
My 3 years old daughter is still suffering with anxiety and
depression and receiving treatment by Physitherapist. I am
worried about her future.
